

# Presentation of the Master 2

## Level *Bac* +5

**This programme lasts one academic year and its objective is the acquisition of theoretical and practical knowledge specialized in the fields of agricultural, agri-food and rural development.**

It is intended for working professionals or students who achieved a post-graduate education and wish to complete their training or reorient in the thematic fields of the CIHEAM-IAMM. This programme leads to a Master diploma (M2)

The Master 2 training programme (60 ECTS) is structured into successive modules of two weeks (3 ECTS) or four weeks (6 ECTS). These modules include various training activities: courses, field works, practical works, group and individual works.

Prerequisites or upgrading courses are provided during the academic year on French language, economics, documentary and bibliographic research.

To achieve a Master 2 degree, the student must have:

- fulfilled all the requirements of the training programme,
- completed 60 credits for the whole session,
- achieved a weighted overall average equal to or above 10/20 ; the mark to each module or individual work is weighted by the corresponding number of credits.
