

MASTER **European Innovations for a Sustainable Management of Albanian Territories, Rural Areas and Agriculture: Instruments, policies, strategies**

SmartAL Project Case studies dissemination conference,

October 6, 2021

A conference with the students of the SmartAL master was organized on Wednesday 6 October afternoon: this conference, facilitated by Pr Elena Kothki, was the occasion to present 3 case studies realized in the framework of the SmartAL master and which will feed 3 modules of the master. These case studies, realized by 3 students currently realizing their PhD were the occasion to discuss about the stakes of the rural development in Albania and the importance of such a training as necessary tool for the future of the young graduates.

Moderators: Dr Elena Kokthi, UBT / Ms Elysa Gache, Université Paul Valéry Montpellier

- *"Cooperation and rural development: what prospect for Albanian rural areas? Case study of Gjirokastra and Puka districts"*, Elda Muco, PhD student;
- *"Agricultural dynamics and territorial trajectories in the South-East of Albania"*, Roland Marku, PhD student;
- *"Identifying the actors, conflicts between them and their role in management of natural resources in the protected area of Divjake Karavasta (Albanie)"*, Zenepe Dafku, PhD student.
- Questions / answers session and discussions with the students of the SmartAL Master Executive attending the conference.
